

www.coalcreek.org

Dear Friend,

If you live in or around Crested Butte, you've likely seen our efforts to protect local watersheds and ***we need your support!*** Our projects have led to significant improvement to watershed health and our monitoring program serves as a great resource to help guide future protection of our streams and rivers. In 2012 we'll be actively working to complete the following:

- Restoration and protection of wetlands, riparian habitat and aquatic habitat to improve water quality
- Expand our protection and restoration efforts in the Slate River Watershed
- Collect water quality data to be used by the State of Colorado to regulate sources of contamination and to establish accurate water quality standards used
- Provide water quality data to regulatory entities to determine current water quality and to monitor the potential impacts from current or future development

The Coal Creek Watershed Coalition is a Crested Butte 501(c)(3) non-profit organization and all donations are tax deductible. Thank you for considering support of our organization!

Sincerely,

/S/

Anthony Poponi
